

# HADE VARIO Better Pack 500M

Electronic gummed tape dispenser

## PRODUCTIVE, SIMPLE, RELIABLE

The HADE VARIO 500M is an low-cost electronic gummed tape dispenser with a clear control panel. It is ideal for constantly changing box formats.

## FUNCTIONALITY

14 color-coded tactile buttons provide flexibility in operation with a single touch. Due to the "2x" button a total of 28 lengths can be dispensed. A REPEAT and a random button round off the ease of use. The device is suitable for all types of gummed tape including thread and reinforced tapes.

## Min. grammage 70 gr/m<sup>2</sup>.

Tape width 40-80mm, max. roll/tape length 200 Meter.

## Fast and efficient

- Dispensing speed of 114 cm per second
- 14 color-coded tactile buttons provide one-touch dispensing of tape from 15 cm to 145 cm
- REPEAT-button for last chosen length
- Adjustable top-heater
- 2x-button: double your pre-selected length!

## Reliable and save

- CE profen
- Stainless-steel side frames under impact-resistant plastic covers
- Safety interlock switch disables the cutting blade when the front cover is open
